Non Disclosure and Confidentiality Agreement

Confidential Information

What is considered confidential information?

- All information shared by the disclosing party
- Only information that is marked "Confidential" by the disclosing party
- Only specific information

Skip Next

What is a non-disclosure and confidentiality agreement?

This agreement is a legal document in which one party (called the Disclosing Party) provides certain confidential or sensitive information and data to another party (called the Receiving Party) and the Receiving Party agrees to not disclose that confidential information. The goal is to protect both of the parties who are engaging in the business relationship.
